## FISCAL YEAR 2012 DEPARTMENT OF DEFENSE LUNG CANCER RESEARCH PROGRAM (LCRP)

<b>Description</b>	The <b>LCRP Concept Award mechanism</b> supports the exploration of a highly innovative new concept or untested theory that addresses an important problem relevant to lung cancer.  The <b>Concept Award</b> is not intended to support a logical progression of an already established research project but, instead, allows Principal Investigators (PIs) the opportunity to pursue serendipitous observations. This award mechanism supports high-risk studies that have the potential to reveal entirely new avenues for investigation. <b>Applications must describe how the new idea will enhance the existing knowledge of lung cancer or create an entirely new avenue for investigation.</b>
<b>Budget</b>	Maximum funding <b>of \$100,000 in direct costs (plus indirect costs)</b> Period of performance not to exceed 1 year
<b>Eligibility</b>	<b>Investigators at all academic levels (or equivalent).</b> Submissions from and partnerships with investigators at Military Medical Treatment Facilities, Military labs, the Department of Veterans Affairs (VA) Medical Centers, and research laboratories and commercial organizations are encouraged.
<b>Deadline</b>	<ul style="list-style-type: none"> <li>• <b>Pre-Application Submission: 5:00 p.m. Eastern time (ET), August 9, 2012</b></li> <li>• <b>Application Submission: 11:59 p.m. ET, August 23, 2012</b></li> </ul>

## GRANTS FOR INNOVATIVE RESEARCH IN MELANOMA

<b>Description</b>	The Melanoma International Foundation will be awarding a limited number of grants for innovative melanoma research projects. Preference will be given to new investigators who have started their independent careers in the past 4 years.
<b>Budget</b>	A range of awards is <b>anticipated up to \$40,000</b> . Support will be for research expenses to be incurred within the 12 months following the award date.
<b>Eligibility</b>	Qualified scientists are eligible without regard to nationality or institutional or department affiliation.
<b>Deadline</b>	<b>August 10, 2012</b>
<b>Information</b>	<a href="http://www.melanomaintl.org/about/innovative_research.html">http://www.melanomaintl.org/about/innovative_research.html</a>

## ESF (EUROPEAN SCIENCE FOUNDATION) RESEARCH CONFERENCE.

<b>Description</b>	<p><b>The European Science Foundation</b> invites researchers to submit proposals for high-level research conferences within the framework of its Research Conferences Scheme in the following scientific domains:</p> <ul style="list-style-type: none"> <li>• Molecular Biology+</li> <li>• Physics/Biophysics and Environmental Sciences</li> </ul>
<b>Budget</b>	The Grant available for the Conference will normally be used <b>to meet the expenses of the invited speakers and selected young scientists</b> . Travel should be by rail or by economy air. Experience shows that it is often possible for speakers to obtain some of their travel costs from other sources, if the sponsor offers partial support. <b>The co-sponsors will provide a grant of EUR 30.000/40 000 per Conference on an equal basis</b> . It is expected that participants (other than the speakers and selected young scientists) will pay their own travel and subsistence costs, and the registration fee.
<b>Eligibility</b>	Proponents should be scientists/researchers based at European universities/research institutes (in the broad sense) in ESF Member Organisation countries.
<b>Deadline</b>	<b>September 15, 2012.</b>
<b>Information</b>	<a href="http://www.esf.org/activities/esf-conferences/call-for-conference-proposals/framework-call-for-proposals-2012.html">http://www.esf.org/activities/esf-conferences/call-for-conference-proposals/framework-call-for-proposals-2012.html</a>

## THE EUROPEAN COMMISSION: INDUCEMENT PRIZE FOR INNOVATIONS WHICH CAN SOLVE THIS GLOBAL HEALTH PROBLEM.

<b>Description</b>	The FP7 Cooperation Work Programme Health 2012 (WP Health 2012) provides for a prize competition – Development of a novel alternative to existing cold-chain technologies for vaccine formulation, preservation and transportation. No particular approach is prescribed. Solutions may include alternative ways of formulating, preserving or transporting vaccines. Whichever solution responds best to the competition criteria will win.
<b>Budget</b>	<b>Inducement prizes: EUR 2 million.</b> (Inducement prizes refer to a funding scheme where first a technological, social or scientific challenge is defined and an award promised for the delivered breakthrough solution)
<b>Eligibility</b>	If you are established as a legal entity in the EU or in a country associated with the 7th Research Framework Programme you can compete for this prize.
<b>Deadline</b>	<b>September 3, 2013.</b>
